To enable captioning, click Closed Caption in the bottom ribbon, and click “Show Subtitle”.

Tip: Should the header and chat be in the way of the captions, click and drag the closed captioning to move its position in the meeting window.

# Thanks to CHN's generous funders

The Annie E. Casey Foundation

The George Gund Foundation

The Robert Wood Johnson  
Foundation

The Rockefeller Foundation

CHN Members and Supporters

# Deborah Weinstein, Moderator

**Deborah Weinstein** has been Executive Director of the Coalition on Human Needs since 2003. At CHN and previously at the Children's Defense Fund and the Massachusetts Human Services Coalition, Debbie has helped advocates to combat poverty and hardship for about 40 years.

# William Spriggs

**William Spriggs** is a professor in, and former Chair of, the Department of Economics at Howard University and serves as Chief Economist to the AFL-CIO. In his role with the AFL-CIO he chairs the Economic Policy Working Group for the Trade Union Advisory Committee to the Organization for Economic Cooperation and Development, and serves on the board of the National Bureau of Economic Research.

# Megan A. Curran

**Megan A. Curran** is Policy Director at the Center on Poverty and Social Policy at Columbia University with a focus on policy strategies for poverty reduction and how the tax system and social safety net can better support children and families. She has worked as a researcher, advocate, legislative aide, and direct services provider and holds a PhD in Social Policy from University College Dublin, Ireland.

# Christopher Wimer

**Christopher Wimer** is Co-Director of the Center on Poverty and Social Policy at the Columbia University School of Social Work. He is also the Project Director on the Robin Hood Poverty Tracker, which measures poverty in New York City. Wimer conducts research on the measurement of poverty, as well as historical trends in poverty and the impacts of social policies on the poverty rate. He also focuses on how families cope with poverty and economic insecurity, with a particular focus on how families manage food insecurity and other forms of material hardship.

# Claire Zippel

**Claire Zippel** is a Senior Research Analyst in the Income and Poverty Trends team. Before joining the Center, Claire worked as a data analyst at Enterprise Community Partners, where she provided consulting services in support of evidence-based community development. Prior to that, she was the housing policy analyst and research coordinator at the DC Fiscal Policy Institute, a State Priorities Partnership member. At DCFPI, Claire conducted research on housing subsidy programs, poverty trends, and tax credits.

# Poverty and Hardship: Then & Now

Coalition on Human Needs  
September 2021

Megan Curran and Christopher Wimer

# 3 Ways CPSP Is Measuring Poverty During COVID-19

- **Traditional Supplemental Poverty Measure (SPM) poverty analysis**

Use annual data available on a considerable lag; assess impact of policy on poverty within a one-year window (*e.g. assess poverty and policy based on 2019 or 2020 data*)

- **Forecasting ‘real-time’ *monthly* SPM poverty estimates**

Use combination of available monthly data to assess changes in family income & poverty rates by month (*monthly SPM poverty threshold = annual SPM income threshold divided by 12*)

- **Forecasting ‘real-time’ *annual* SPM poverty estimates**

Project family income & poverty rates for the current or near-future years (*e.g. what might 2021 or 2022 poverty look like?*)

# Monthly Child Poverty During COVID-19

Based on: [Parolin, Curran, Matsudaira, Waldfogel, and Wimer \(2020\)](#)  
Access all results at: <https://www.povertycenter.columbia.edu/forecasting-monthly-poverty-data>

# Identifying Effects of COVID Relief

## For Whole US Population

**The New York Times**

Oct. 15, 2020

*8 Million Have Slipped Into Poverty Since May as Federal Aid Has Dried Up*

MARCH 4, 2021

Stimulus checks, unemployment benefits, and SNAP kept 13 million out of poverty in January

MONTHLY POVERTY

## For Children

### Anti-Poverty Policy Effects in July 2021

*As the new monthly Child Tax Credit rolls-out, food hardship and child poverty drops.*

The overall monthly child poverty rate fell.

The CTC kept **3 million children** from living in poverty in its first month alone.

The first CTC payment reduced food hardship among low-income families by approximately **30%**.

SOCIAL POLICY  
at Columbia University

# Tracking Monthly Poverty

- Access our monthly poverty tracker (*updated regularly*) at:  
[www.povertycenter.columbia.edu/forecasting-monthly-poverty-data](http://www.povertycenter.columbia.edu/forecasting-monthly-poverty-data)
- View monthly poverty rates under three scenarios:  
(1) pre-tax/transfer; (2) without COVID relief; or  
(3) with COVID relief
- Find breakouts by **age** (*children; working age adults; seniors*) and **race and ethnicity** (*Asian, Black, Latino, White*)

# Poverty Measures: US Census Bureau

Official Measure

**(OPM)**

The official measure uses cash income, such as wages and salaries, Social Security benefits, interest, dividends, pension, or other retirement income.

2016 Official Poverty Thresholds  
(Two Adults and Two Children)

Supplemental Measure

**(SPM)**

The SPM starts with cash income, then...

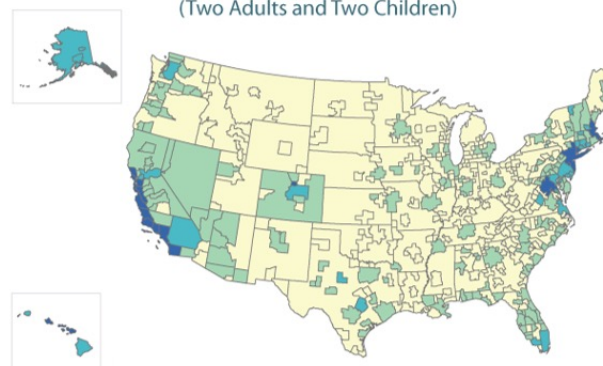

**ADDING BENEFITS**

The SPM adds benefits from the government that are not cash but help families meet their basic needs.

**SUBTRACTING EXPENSES**

The SPM subtracts necessary expenses like taxes, health care, commuting costs for all workers, and child care expenses while parents work.

2016 SPM Poverty Thresholds for Renters  
(Two Adults and Two Children)

[For images & more information, see US Census Bureau](#)

# Poverty and Hardship – Then and Now

How to find and use data from 2020 and 2021 to  
make the case for Building Back Better

Deborah Weinstein  
September 9, 2021

# What's available – and what's not

- September 8: USDA Food Security data for 2020
- September 14: Current Population Survey: Income, Poverty, Health Insurance for 2020
- September 14: Supplemental Poverty Measure for 2020
- Columbia U Monthly Poverty Estimates from Jan. 2020 through July 2021
- Census Household Pulse Data – food, housing, other hardships, tracked from April 2020 – August 2021 so far (state data available)
- **NOT till NOV.:** 2020 American Community Survey state/local data

# Finding the CPS Data on 9/14: Links at Census.gov on that day

Census Bureau Press Conf Online 10 a.m.

WebEx access:

<https://uscensus.webex.com/uscensus/onstage/g.php?MTID=e1982487b3649dfa94c667dd7a6b1e907>

Password: Census#1 (if requested)

The webinar will consist of a simultaneous audio conference and online presentation. Credentialed media will be able to ask questions via the audio access number following the presentation. Questions are limited to media.

Audio access: 800-857-4863, passcode: 2426222

News conference page:

The Census Bureau will post the reports, data tables and news release online shortly after the news conference begins. They will be available at [www.census.gov/newsroom/press-kits/2021/income-poverty.html](http://www.census.gov/newsroom/press-kits/2021/income-poverty.html)

Or at <https://www.census.gov>, then **Browse by Topic**; pick **Income and Poverty**; also **Health**.

# ***Breaking news: 2020 Food Security***

*10.5% of people were food insecure in 2020, unchanged from 2019. Still, 38.3 million people lived in households unable always to afford adequate food in 2020.*

## **Household Food Security in the United States in 2020**

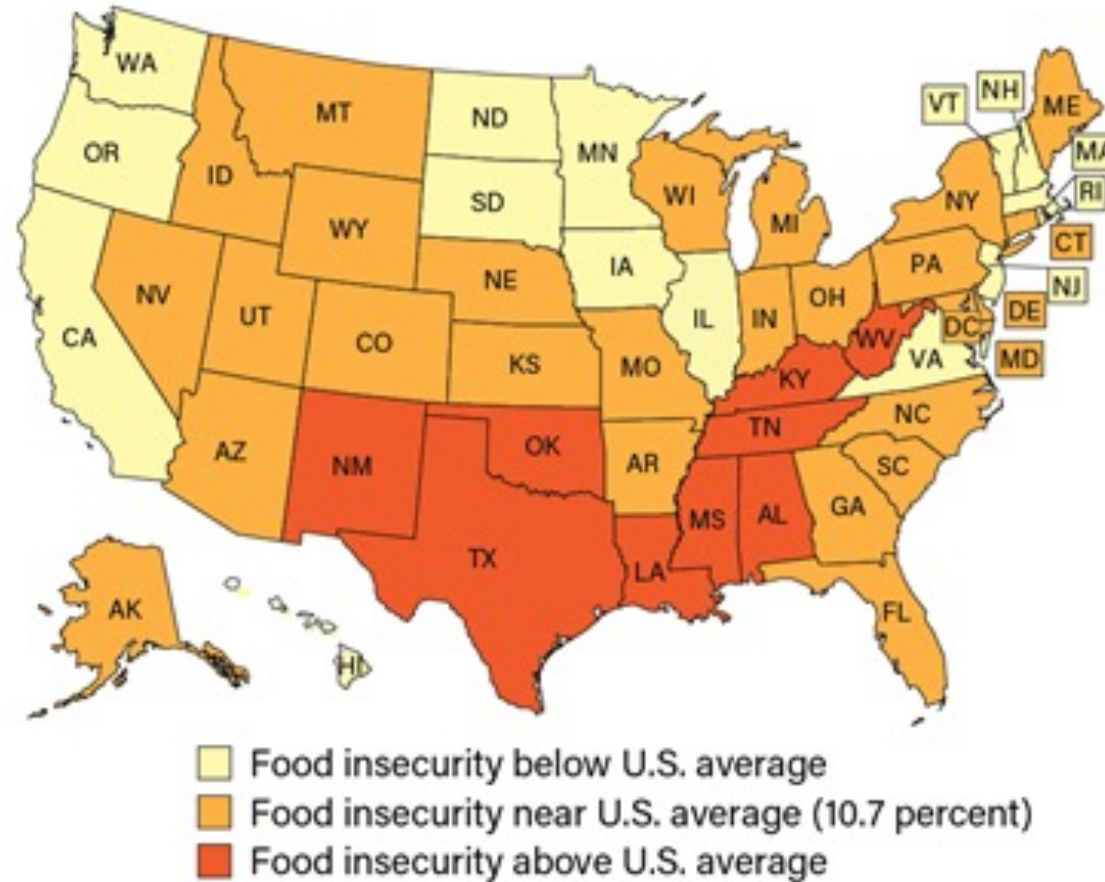

[www.ers.usda.gov](http://www.ers.usda.gov)

- **Children:** 14.8% of households with children were food insecure in 2020, up from 13.6% in 2019.
- **Households with children headed by single women:** 27.7% food insecure.
- **White** non-Hispanic households: 7.1 percent food insecure.
- **Black** non-Hispanic households: 21.7 percent food insecure.
- **Hispanic** (may be of any race): 17.2 percent food insecure.
- **Below 185% of Federal Poverty Line:** 28.6% food insecure.

# USDA Food Security by State:

Prevalence of food insecurity, average 2018-20

Source: USDA, Economic Research Service using data from the December 2018, 2019, and 2020 Current Population Survey Food Security Supplements, U.S. Census Bureau.

# Health Insurance

<https://www.census.gov/library/publications/2020/demo/p60-271.html>

CPS Health Insurance report, Sept. 14

Appendix Table 1 shows insurance by race, income...

Appendix Table 2 shows insurance by work experience, etc.

Figure 1.

## Percentage of People by Type of Health Insurance Coverage: 2019

(Population as of March 2020)

Note: The estimates by type of coverage are not mutually exclusive; people can be covered by more than one type of health insurance during the year. For information on confidentiality protection, sampling error, nonsampling error, and definitions in the Current Population Survey, see <<https://www2.census.gov/programs-surveys/cps/techdocs/cpsmar20.pdf>>.

Source: U.S. Census Bureau, Current Population Survey, 2020 Annual Social and Economic Supplement (CPS ASEC).

Find Income Data in Income and Poverty Report:  
go to [census.gov](https://www.census.gov) – then “browse by topic”, then “Income and Poverty”

# From last yr's Income report

Figure 4.

## Median Earnings and Percent Change by Work Status and Sex

(People 15 years and older with earnings as of March of the following year)

Notes: Statistically significant indicates the change is statistically different from zero at the 90 percent confidence level. For more details, see Table A-6. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see <<https://www2.census.gov/programs-surveys/cps/techdocs/cpsmar20.pdf>>.

# Supplemental Poverty Measure has state data – will average 2018, 2019, 2020

**Appendix Table 5.**

## **Number and Percentage of People in Poverty by State Using 3-Year Average Over: 2017, 2018, and 2019**

(Numbers in thousands. Margin of error in thousands or percentage points as appropriate. People as of March of the following year. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see <<https://www2.census.gov/programs-surveys/cps/techdocs/cpsmar20.pdf>>)

State	Official <sup>1</sup>				SPM				Difference	
	Number		Percent		Number		Percent		Number	Percent
	Estimate	Margin of error <sup>2</sup> (±)	Estimate	Margin of error <sup>2</sup> (±)	Estimate	Margin of error <sup>2</sup> (±)	Estimate	Margin of error <sup>2</sup> (±)		
<b>United States</b>	37,316	497	11.5	0.2	40,553	562	12.5	0.2	*3,237	*1.0
Alabama	715	79	14.7	1.7	635	70	13.1	1.4	*-80	*-1.6
Alaska	84	7	11.8	1.0	88	8	12.3	1.1	3	0.5
Arizona	870	122	12.1	1.7	860	113	12.0	1.6	-10	-0.1
Arkansas	437	36	15.0	1.3	366	31	12.5	1.1	*-72	*-2.4
California	4,482	182	11.4	0.5	6,745	225	17.2	0.6	*2,263	*5.8
Colorado	516	63	9.1	1.1	639	76	11.3	1.4	*124	*2.2
Connecticut	338	42	9.7	1.2	392	46	11.2	1.3	*53	*1.5
Delaware	74	10	7.6	1.0	102	11	10.5	1.2	*28	*2.9
District of Columbia	96	7	13.7	1.1	116	9	16.7	1.3	*21	*3.0
Florida	2,725	203	12.9	0.9	3,265	204	15.4	1.0	*541	*2.6
Georgia	1,383	112	13.3	1.1	1,378	115	13.3	1.1	-5	Z

The SPM answers questions about how effective certain programs are in reducing poverty.

Without SS income, 26.5m more people would be poor

Without tax credits, 7.5m more people would be poor

Without SNAP, 2.5m more people would be poor

Without housing subsidies, 2.6m more people would be poor

Figure 8.  
Change in Number of People in Poverty After Including Each Element: 2019  
(In millions)

# Preliminary estimate of weighted average Official Poverty Measure thresholds for 2020:

Check on 9/14 to make sure there are no changes in the poverty thresholds.

Size of Family Unit	Estimated Threshold
1 person (unrelated individual)	\$13,172
Under 65 years	\$13,465
65 years and over	\$12,413
2 people	
Householder under 65	\$17,408
Householder 65 years and over	\$15,659
3 people	\$20,586
4 people	\$26,495
5 people	\$31,404
6 people	\$35,562
7 people	\$40,510
8 people	\$45,010
9 people	\$53,527

# Quick look at CPS poverty data

- We'll go to [www.census.gov](https://www.census.gov)
- Then to **Browse by topic**
- Then to **Income and Poverty**
- Then to **Poverty**
- Click on **Poverty in the U.S. 2019 Official Poverty Report (on Sept. 14 will be 2020)**
- Scroll down to find **Table B-1**

# A few examples of detailed CPS tables:

<https://www.census.gov/data/tables/time-series/demo/income-poverty/cps-pov.html>

**For all, select weighted person count, choose percent of poverty you want and demographic groups you want**

- **POV01:** Shows people below 50% FPL, below 100%, below 200%, etc. White, Black, Asian, Hispanic (may be of any race); age breakdowns
- **POV06:** Families by number of working family members and family structure
- **POV15:** Families With Related Children Under 18 by Householder's Work Experience and Family Structure
- **POV22:** Work experience by age, sex, household relationship, poverty status
- **POV29:** Years of school by poverty status – age, sex, nativity, citizenship
- **POV46:** Poverty by state (use with caution – sample size may be too small to be reliable)

# That was then. Telling a more current story.

- Columbia U's Center on Poverty and Social Policy, monthly poverty tracking: <https://www.povertycenter.columbia.edu/forecasting-monthly-poverty-data> (from Jan. 2020 and ongoing)
- Census Bureau's Household Pulse surveys – Started April 2020, ongoing through October 2021 (as of now): <https://www.census.gov/programs-surveys/household-pulse-survey.html>
- Covers hardship, not poverty: ability to get enough food, afford rent or other bills, employment, health, education, child care, Child Tax Credit – **has state and metro area data as well as national**

# Monthly Child Poverty During COVID-19

Based on: [Parolin, Curran, Matsudaira, Waldfogel, and Wimer \(2020\)](#)  
Access all results at: <https://www.povertycenter.columbia.edu/forecasting-monthly-poverty-data>

# How to use Household Pulse

Example: food scarcity

Go to <https://www.census.gov/programs-surveys/household-pulse-survey.html>

Then take a look at data tools: <https://www.census.gov/data-tools/demo/hhp/#/> (shows food scarcity (sometimes/often not having enough to eat in the previous week) by state)

Then go to data tables: <https://www.census.gov/programs-surveys/household-pulse-survey/data.html>

**We'll choose most recent:** Week 36, August 18-30, Food table 1

# Using the data during this critical time

## Points to make:

- Benefits/assistance are making/have made a real difference in people's lives
  - Child Tax Credit, Unemployment Insurance, rental aid, food aid...
- This help is vitally needed during the pandemic – but the need persists if we want to make and sustain economic progress
- *The Economic Gains from Equity*: Fed. Reserve paper: <https://www.frbsf.org/economic-research/publications/working-papers/2021/11/> – racial and gender inequity cost \$70.8t in foregone GDP since 1990 – cost \$2.6t in 2019
- We need to add investments that create jobs and help people stay and advance at work, stay healthy, live in communities in affordable housing and with home care, build/rebuild infrastructure, include immigrants, –
- **We need the Build Back Better budget now being considered in Congress**

## A message you can send to your Rep and Senators:

Congress is drafting a historic ten-year \$3.5 trillion investment in jobs, healthcare, childcare, education, the environment, housing and more. **Every dollar of revenue not raised from the rich and corporations is a dollar not invested in children, families and working people.**

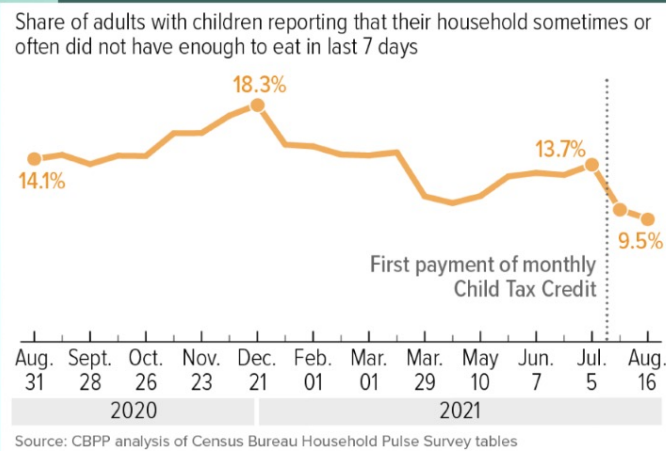

<https://actionnetwork.org/letters/tell-congress-raise-the-full-35-trillion-for-president-bidens-build-back-better-act-by-making-the-rich-and-corporations-pay-their-fair-share>

**After the Child Tax Credit payments begin, many more families have enough to eat:**

**1 IN 3** households with children already experienced hardship **PRE PANDEMIC**

Source: CBPP's Widespread Economic Insecurity Pre-Pandemic Shows Need for Strong Recovery Package

**17 MILLION ADULTS IN THE COUNTRY REPORTED THAT THEIR HOUSEHOLD SOMETIMES OR OFTEN**

**DIDN'T HAVE ENOUGH TO EAT IN THE LAST 7 DAYS**

Source: Census Bureau's Household Pulse Survey data collected August 4-16/2021

"27% of adults reported having difficulty covering usual expenses. 15% of adults reported their household is not caught up on rent.

Congress needs to move forward on @POTUS' #BuildBackBetter plan and ease the economic hardship that millions continue to endure."

**Send out this tweet** by clicking this link: <https://ctt.ac/Fa6eG> and don't forget before tweeting away- to add in Reps and Senators' Twitter handles at <https://bit.ly/117thCongressTwitter>

**Tell your Rep  
and Senators to  
make the Child  
Tax Credit  
Permanent!**

This link will connect you-  
<https://p2a.co/nilqmtb>

**Thanks to the Children's  
Defense Fund!**

TELL YOUR MEMBERS OF  
CONGRESS TO:

**MAKE THE  
CHILD TAX  
CREDIT  
PERMANENT**

<https://p2a.co/nilqmtb>

**#ChildTaxCredit**

# What you'll get from us

- This recording and follow-up email with live links to resources
- On September 14: CHN's **First Look** at the data and other helpful info via email
- Updates and opportunities to take action to support the Build Back Better investment agenda
- Social media resources

# Thank you!

Look out for an email with a captioned recording, slides, and other resources from our presenters.
